March for Life 2011, Ottawa

Thursday May 12, 2011 at 1:30 p.m.

as we pay respect and draw attention to the millions
of unborn babies killed by abortion since 1969.

On May 14, 1969, an Omnibus bill was passed by the Canadian Parliament that legalized abortion. Since that time, over 3 million unborn lives have been lost to abortion and countless women have suffered abortion's aftermath. A large turnout on Parliament Hill at this year's March for Life will show our unwavering resolve to restore justice for the unborn. Join us in standing up for life!
